Chair & Directors
Peace River Regional District
Box 810
Dawson Creek, BC V1G 4H8

File No.: 5-2-0

Dear Chair Goodings & Directors:

Re: 2010 Cleanup Campaign

At its Regular Meeting held September 14, 2009, the Council of the City of Dawson Creek received a request from the Dawson Creek Cleanup Committee asking that the City work with Regional Directors and Solid Waste Management to devise a system that will allow the City wide free tipping to occur over a two or three week period. A system of 1 tonne coupons has been suggested by solid waste and the committee recommends instituting this system so that pressure at the waste sites is less focused on three days and so that people have the opportunity to participate within a larger time frame.

Therefore, the following resolution was passed:

"Whereas, the Cleanup Committee has been encouraging, for several years, an alternative way to manage the free tipping program at the solid waste sites;

Therefore, be it resolved, that Mayor and Council write to the Regional District Directors requesting a coupon program or similar system be developed with City staff and ready for implementation before the Dawson Creek 2010 Cleanup Campaign."

The City of Dawson Creek looks forward to a continued positive working relationship with the Peace River Regional District to enhance the beautification of our area.

Yours truly,

Brenda Ginter
Director of Corporate Administration

c. PRRD Solid Waste Manager
Dawson Creek Cleanup Committee
