

PEACE RIVER REGIONAL DISTRICT

DIRECTORS' NOTICE OF NEW BUSINESS

TO:	Chair and Directors
FROM:	Director Goodings
DATE:	October 13, 2009
RE:	Ministry of Highways

Purpose / Issue:

Roads

Recommendation / Action:

Invite the District Manager to meet with us.

Background:

Regional Transportation Committees (RTAC) which have been active on a diminishing scale for the past several years seem to be non-existent at the present time. With projects such as the resurfacing of the bridge at Taylor scheduled for 2011/12 I would like to find out what the plan might be looking like. In particular how the traffic will flow while they work on the bridge as well as other projections for future projects
