For Immediate Release

Boaters Requested to Stay Off Moberly Lake Until Water Recedes

June 27, 2011 – The Peace River Regional District is requesting that boaters stay off of Moberly Lake until the water recedes.

Due to the recent rain event Moberly Lake has risen far beyond the lakeshore and many homes are experiencing flooding. Boating on Moberly Lake can cause further shoreline erosion and damage to property. Please respect that property owners along the lakeshore are doing their best to manage any flooding on their property and any wave action from the lake can make this job even more difficult.

To report damage or for more information please call the Peace River Regional District at 250 784-3200 (24 hrs) or check www.prrd.bc.ca.
